

2nd Newsletter – InterSummit 2025

The Laboratório de Pesquisa e Ensino de Leitura e Redação (LabLeR – DLEM) and the Programa Idiomas sem Fronteiras (IsF – Andifes), in partnership with the International Affairs Office (DRI) and the Provost Office for Graduate Studies and Research (PRPGP) of the Universidade Federal de Santa Maria, invite the academic community to take part in the **Internationalization Research Summit – InterSummit 2025**, to be held in November 2025 on the UFSM main campus.

This year marks an important expansion of the **Simpósio de Intercâmbio Acadêmico (SIA)**, which will now be integrated into **InterSummit** – a new institutional platform designed to connect, strengthen, and give visibility to internationalization activities developed at UFSM. InterSummit will bring together ongoing initiatives from LabLeR, Rede Andifes-IsF/Português, DRI, and PRPGP, and explicitly highlight their interconnections.

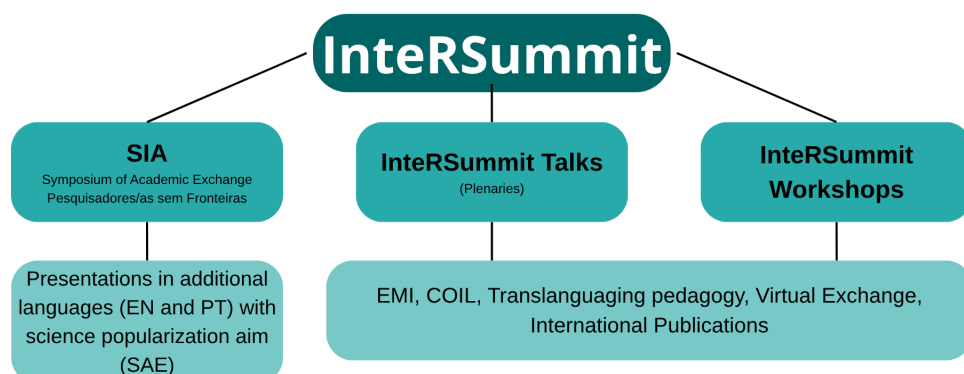

What's new in 2025:

- **SIA** remains as a key component, with its two traditional events:
 - **Symposium of Academic Exchange (SAE)** – for students who develop literacies in English as an additional language to present their research;

- **Pesquisadores/as Sem Fronteiras – Mostra de Trabalhos em Andamento (PsF)** – for international students to present their research in Portuguese as a Foreign Language.
- **InterSummit Talks** – plenary lectures featuring scholars engaged in initiatives such as English as a Medium of Instruction (EMI), Collaborative Online International Learning (COIL), Virtual Exchange, and International Publications.
- **InterSummit Workshops** – hands-on sessions on the same themes as the Talks, designed to foster practical skills and academic collaboration.

Through this expanded format, InterSummit aims to foster multidisciplinary dialogue, strengthen academic literacies in additional languages, and advance the internationalization of education and research at UFSM and in the region.

The figure below shows InterSummit's organizational structure.

CALL FOR PAPERS

In this 2nd Newsletter, we invite the academic community to submit their proposals. Each event is regulated by its own procedures, which should be consulted in the following links:

SAE Call: ufsm.br/laboratorios/labler/editais/007-2025

PsF Call: ufsm.br/projetos/ensino/isf/eventos/pesquisadoressesemfronteiras

IMPORTANT DATES

- **Submissions to SIA (SAE and PsF):** September
- **InterSummit Week (Talks and Workshops):** November 4–6 – during JAI
- **Apresentações PsF:** 5 de novembro
- **SAE Presentations:** November 24–26
